Dear President Kwaśniewski,

I would sincerely like to thank you for your honorary patronage of my permanent installation, *Shrine for an Anonymous Victim*, at the Majdanek State Museum. I am honored to have received such support in my effort to create a lasting contribution to Poland and the memories of the victims of the holocaust.

I would also like to extend my gratitude to Secretary of State Ryszard Kalisz, Marek Ungier, Marek Dukaczewski, Sylwester Krolak, Andrzej Dorsz, and my personal friend, Stefan Kozak.

Your letter addressing this event was appreciated and poignant. I hope this project will help to transform the area for future generations and realize the aims of the former inmates of the camp who desired to build a Temple of Peace on this sacred ground. It was unfortunate that we were unable to see one another while I was visiting Secretary of State Ryszard Kalisz in Warsaw. I hope the occasion arises were I may have the opportunity to express my gratitude in person.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tad.' followed by a stylized, cursive signature.

P.S. I am pleased to inform you of my involvement in an international-ecological project taking place in Japan beginning in June 2000. I am happy to be representing Poland at the *Echigo-Tsumari Art Triennial*.
